

MEMBERSHIP LIST

1GPA is a non-profit national governmental purchasing cooperative that allows public agencies to take advantage of existing contracts to purchase the goods and services they need from local and national vendors.

Eligible using members include school districts, charter schools, universities, colleges, cities, towns, municipalities, counties, states, local governments, federal government, Native American communities, fire districts, and any other political subdivision.

The following list of current members is accurate as of August 5, 2025.

This list encompasses not only existing members but also extends to all future members of our organization. As such, any public agency that joins our organization henceforth will be promptly included in subsequent updates of the list.

Contractors need to verify that the entity is a Member by checking the membership list before accepting Purchase Orders. If the entity is not on the membership list, the Contractor shall advise the entity to reach out to 1GPA to complete the membership process.

1GPA will work diligently to ensure that any new additions to our membership are duly recognized and covered in our records. Contractors' cooperation in this matter is crucial as we endeavor to maintain accurate and comprehensive documentation of our membership, reflecting the growth and vitality of our organization.

Thank you for your attention and continued support.

Member List

Total 1557
